

Crepe paper flowers

You will need:

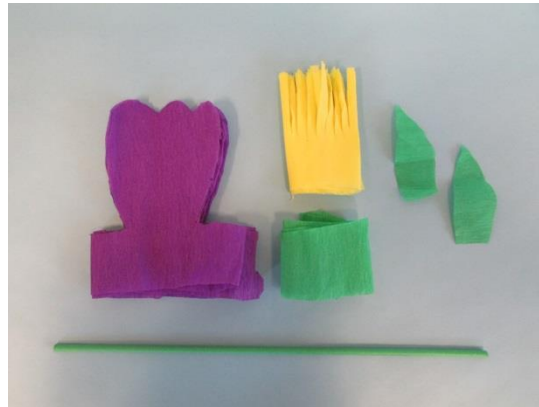

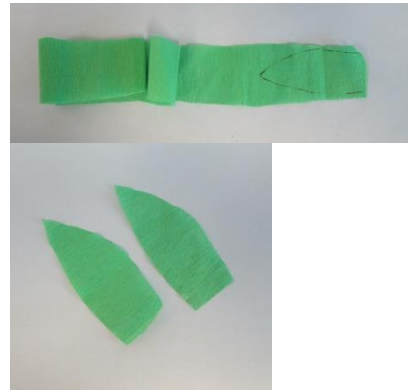

- Crepe paper in 3 colours
- Scissors
- Glue
- Tape
- BBQ stick/skewers or paper straw

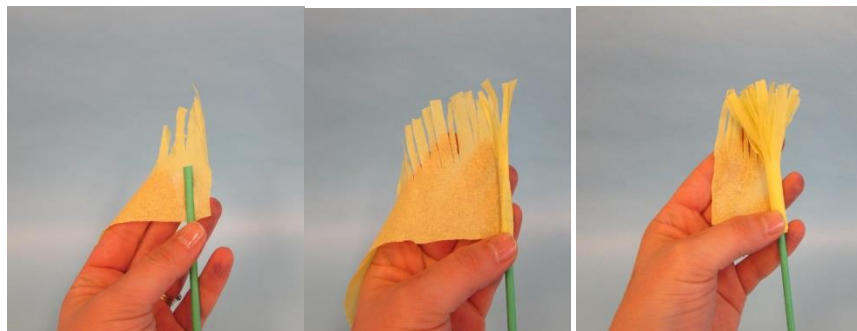

Cut the yellow part
into fringe

Cut leaves

Put glue on the skewer and start rolling the fringe paper on. Secure with more glue when
you finish

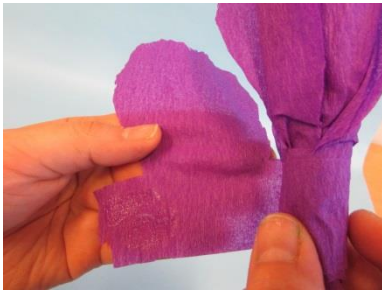

Work on the petals
Add glue to the and start rolling the paper on

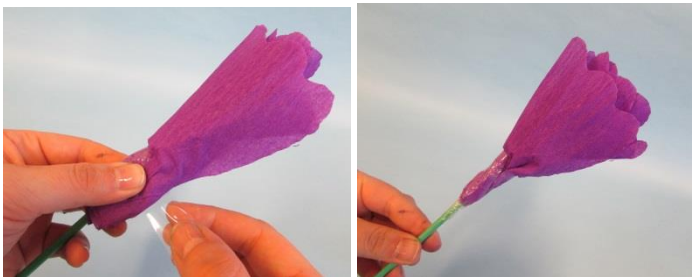

As you roll the paper on you will need to start garthering the paper and pinching firmly

Secure with the glue

Finish the petals with tape so the paper is firmly in place

Work on the stem

Add glue over the tape and start rolling the paper around to cover the stem

Roll the paper in an angle so the paper sits neatly on the skewer, add leaves as you work down and secure with glue as you finish

To finish the flower stretch the petals gently
